Letter of Recommendation

To Whom It May Concern

Dear Concern,

Md Tanvir Ahmed has been a part of our Endgame Programme for the past 2 months.

During this period he has been working on the project **RecruitHub** with the team **The Creative Gang** and performed extremely well under pressure. His technical and communication skills are excellent, and we found him very inquisitive and dedicated.

We can highly recommend him for the opportunity in the web development domain.

During the project, he was exposed to the various activities in this domain and he is well suited to the challenges it provides. He is a talented hard worker, we wish him all the best in his future endeavours.

If you need any additional information, please contact us at **web@programming-hero.com**
